### **Questions to Consider**

1. What is in your suitcase or toolbox that you do not need?
2. Why do we hold on to "just in case" items?
3. Why is it sometimes difficult to "lay aside" or to "put off" or to "forget" those things that are behind?
4. What does it mean to "forgive" and "forget?"
5. Talk about the uneven exchange that God did for us. What did we "give" to God, and what did we "receive" in return?
6. Do a self-evaluation of those things - those "just in case" items that you need to unpack.
7. When your spiritual suitcase is unpacked, what do you need to pack it with?
8. Do you believe that your suitcase will meet weight requirements after you have unpacked and re-packed?
9. Why should you keep your suitcase packed and ready?
10. What did our Lord give as a ransom, and what does that mean to you and what is your responsibility?
